Adnan Siddiqui, MD, new medical director of Christian Hospital Wound Care Center

Adnan Siddiqui, MD, is the new medical director for the Christian Hospital Wound Care Center, and he will also continue as the medical director of Infection Prevention at the hospital. Dr. Siddiqui has been on the Christian Hospital medical staff for three years and completed his infectious disease fellowship at St. Louis University Hospital and his residency at Morristown Memorial Hospital in New Jersey. He is a graduate of Dow Medical College in Karachi, Pakistan.

The Christian Hospital Wound Care Center was recently honored with the Center of Distinction Award from Diversified Clinical Services, Inc., (DCS) the world's largest wound care management company with more than 300 hospital clients. The Christian Hospital Wound Care Center received the award based on its performance over 12 consecutive months of achieving an average patient satisfaction rate of 96 percent excellent and healing 93 percent of the wounds within 36 days or less.
