

# Nixle Alert System

**Receive alerts from you local trusted agencies**

## How it works

### Message Publishing

Your police department and other local municipal agencies use Nixle as a publishing system. Messages are created and assigned a priority level ensuring important information reaches you in a timely manner.

### Location Targeting

Messages are targeted to specific geographic regions. If your address falls within this geographic area - you'll receive the message. Add as many locations as you'd like from across the country.

### Receiving Messages

Enter your mobile phone number to receive messages by SMS (text message). You can also choose to receive emails, or simply view the messages by logging into your Nixle account. You decide!

## How do you start

- Text your zip code to **888777**
- You can **opt out** at anytime by texting "**STOP**" to **888777**
- For help, reply **HELP** to **888777**.

## Complete your registration

- If using Nixle for the first time, retrieve a temporary password to complete the registration at <https://local.nixle.com/accounts/password/reset>.
- Completing the registration process will allow you to fully customize how messages reach you (mobile phone, email, or the web at [www.nixle.com](http://www.nixle.com))
