Drs. Dimmitt and Fraley join The Heart Care Group

Aaron Dimmitt, MD, and Matthew Fraley, MD, join The Heart Care Group to serve the community as invasive cardiologist.

Dr. Dimmitt attended St. Louis University School of Medicine and completed his residency and training at St. Louis University Hospital. Dr. Fraley attended Southern Illinois University School of Medicine and completed his residency and training at St. John's Mercy Medical Center and fellowship at the University of New Mexico.

The Heart Care Group includes Drs. Laurence Berarducci, James Davis, Antonio Penilla, Erica Uppstrom, Aaron Dimmitt and Matt Fraley. This team of cardiologists specialize in the prevention and treatment of heart disease and offers a complete line of cardiology services including consultative and disease management follow-up services, lifestyle and risk factor modification education/counseling, a full spectrum of non-invasive diagnostic testing, pacemaker and defibrillator implantation and follow-up, electrophysiology testing, curative ablation for cardiac arrhythmias, and coronary interventions and stenting.

For patient convenience, The Heart Care Group sees patients at the following locations:

201 Dunn Rd.
